THE LIFE OF MAJOR GENERAL WILLIAM H. HARRISON, Ninth President of the United States. By H. Montgomery. With Illustrations-pp. 465. Cleveland, C., Tooker & Gatchell, 1852.

This is the title of a very handsome volume, from the Publishing House of Messrs. Tooker & Gatchell, Cleveland, who will please accept our thanks for a copy.

The life of General Harrison must of course embody a very large portion, and a very interesting portion, of the history of the West, and hence for Western readers must be one of the most valuable works recently published.

面景語面 In Freedom, Portage Co., Ohio, Oct. 28, after a painful illness of five days, Mrs. Marv. wife of George D. Hatch, and daughter of Mr. Samuel H. Bloomer of Ravenna, aged

Hers the sweet spirit cone from earth. To whom our love was given: Who shrunk from ills that here have birth, To find a home in heaven; And though her life was short in years, It answered life's great end,

While passing through this vale of tears, To her brief journey's end. Those bird-like tones so soft and low. Like Music's softest strain-Came in their sweet and gentle flow,

In memory to remain; That fragile form and placid eye, Obedient to the soul-Oh that such leveliness should lie In Death's embrace so cold.

But then Earth's voyage now is o'er, Its raging billows past-There rest thee on that peaceful shore Where sweeps no chilling blast-There rest thee like a weary dove, On long and tiresome wing-Rest in the besum of his love,

Thy God, thy Saviour, King. In this village, on the 31st inst., of Comsumption, Many . Mussen, daughter of Jacob and Syndonia Muser, age ars and 8 months. "In the cold grave, without a strain,

We place thy quiet form to-day; But hope to meet thee once again, When the long night shall pass away. Most holy, merciful, and just! Be our complaining hearts forgiven! To Thee we yield our darling trust;

Receive her gentle soul in heaven!" .. "Lone are the paths, and sad the bowers,

Whence thy sweet smile is gone;

in her family and in society.

In this village on the 28th ult., Mrs. Lecina M. King wife of Eli P. King, aged 34 years. Intelligent and amiable, she well fulfilled the duties of ier relations as wife and mother, and leaves a painful void

"The air that formed thy voice-thy breatl .-Moves round us now, unchilled by death; Thou art not gone, sweet spirit! nay, But fondly hovering on our way."

"When such a friend departs "Tis the survivor dies." In Roctstown, on the 25th ult., Mrs. Chlor Collins wife of John H. Collins, aged 37 years.

Dr. Mooffand's CELEBRATED GERMAN BITTERS,

DR. C. M. JACKSON, IE GERMAN MEDICINE STORE, 120. Arch street Philadelphia, Their power over the above diseases is not excelled if equalled—by any other preparation in the United

States, as the cures attest, in many cases after skilful physicians had failed. These Bitters are worthy the attention of invalids.-Possessing great virtues in the recification of diseases of the Liver and lesser glands, exercising the mos-

gestive organs, they are withal, safe, certain and pleas READ AND BE CONVINCED!

The editor said, Dec 22rd—"Boston Bee." Dr. Hoofland's Celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medic nes of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint, from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and nell, and can be used by persons with the most delicate stemachs with safety, nuder any circumstances. We are speaking from experience, and to the afflicted, we

advise their use." Scott's Weekly," one of the best Literary papers published, said. Aug. 25— "Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of muck efficacy incases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of

HAT peculiar style of last worn by this debilitated constitutions will find these Bitters advantadistinguished terson can now be had of goods to their health, as we know from experience, the salutary effect they have upon weak systems." The Hon. C. D. Hineline, Mayor of the city of Camden. N. J., says:-"HOFFLAND'S GERMAN BITTERS.—We have seen

many flattering notices of this medicine, and the source

from which they came, induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the Liver and digestive organs, and the powliver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums ombined, the fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval, when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can dovbt after using it as directed.

It ac's specifically upon the stomach and Liver—it is preferable to calomel in all billious diseases—the effect is immediate. They can be administered to female or infant, with safety and reliable benefit at any time. Look well to the marks of the genume.

They have the written signature of G. M. Jackson, upon the wrapper, and his name blown in the Bottle. without which they ore spurious.
